This document contains important information concerning our retirement plan. The first section provides you with information about the plan in general, including any expenses you might incur through participation in the plan or through taking advantage of different plan features. The second section provides information about the plan's investment alternatives, including any fees or expenses associated with those investments.

If you have questions concerning any of this information, contact PURCHASE COMMUNITY, INC. at 914-949-2636.

Plan Information

Participant investment instructions

You may direct all contributions held in your plan account into the investment options available through your Plan, subject to the terms of your Plan and any restrictions described below. To change how your contributions and existing balance are invested, you may go to either www.Equitable.com; your telephone response unit or call a customer service representative at 800-528-0204. You may also request a change in writing by completing and forwarding a Change of Investment Allocation form to Equitable's processing office. This form is available from the Plan Sponsor. The written request will be processed on the date received, if received in good order at Equitable's processing office and before 4:00PM eastern time on any day the NY Stock Exchange is open.

Limitations on investment instructions

You may change how contributions to your account are invested on any day the New York Stock Exchange is open for business. You may transfer your existing balances in the same way you change how your contributions are invested. A fund manager may impose limits on making changes to your investment. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent "market timing" (i.e., rapid trading in and out of a fund).

Voting rights

Generally, any voting, tender or similar rights regarding the investment choices offered in your plan will be exercised by the Plan Sponsor, or the Plan Sponsor's designee. Certain exceptions may apply; if the Plan Sponsor, or its designee, receives materials relating to the exercise of voting rights, etc., that are passed through to you, the Plan presently intends to provide them to you.

Designated investment alternatives

The Plan provides investment options into which you can direct your contributions. Section two of this document lists these investment options and provides information regarding each option.

Additional information

N/A

Administration Expenses

The Plan pays certain service providers for Plan services including recordkeeping and administrative services. The cost of these services will be deducted from participant accounts unless paid from other plan assets or by the Plan Sponsor from its general assets. If any of these costs are paid from participant accounts, the actual payment will be shown on your quarterly statement as well as the service provided. The cost of these expenses may vary from year to year and is based on a variety of factors.

The Plan benefits from revenue sharing, and these payments offset some of the administrative expenses. In the absence of revenue sharing, a participant's share of these expenses might be higher.

<i>Fee Description</i>	<i>Fee Amount/ Percent</i>	<i>Fee Assessment</i>	<i>Fee Allocation</i>	<i>Fee Charge Frequency</i>
ANNUAL ASSET CHARGE	0.5700%	Daily Asset Based	Pro-rata	Quarterly
THIRD PARTY INV FID FEE 698618	0.0500%	Daily Asset Based	Pro-rata	Quarterly

Individual Expenses

The Plan imposes a charge for features you elect. These charges will be assessed if you use a feature under the Plan like a participant loan or taking a distribution. A fee may also be charged based on the application of the applicable law such as processing a domestic relations order in the case of a divorce.

Withdrawal fees

Withdrawal fees are listed below and deducted from withdrawal amount. The checkwriting fee includes the preparation and delivery of Form 1099. The overnight fee is assessed if you request the check be sent to you via overnight delivery.

Loan fees

If the Plan permits a participant loan, loan fees listed below will be charged against your account. Refer to your Summary Plan Description (SPD) to see if your plan permits participant loans. Your Plan Administrator can provide you with a copy at no charge.

Qualified Domestic Relation Order fees

If a Domestic Relations Order is received on your account, the Plan may deduct a fee to process the DRO which includes the cost for determining whether the DRO is deemed to be a Qualified Domestic Relations Order and whether it complies with the terms of the Plan. If the Plan charges a fee, the QDRO fee is listed below.

Document Summary

This section has two parts. Part I consists of performance information for plan investment options. This part shows you how well the investments have performed in the past. Part II shows you the fees and expenses you will pay if you invest in an option.

Part I. Performance Information

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available at www.Equitable.com.

Part II. Fee and Expense Information

Table 3 shows fee and expense information for the investment options listed in Table 1. Table 3 shows the Total Annual Operating Expenses of the options in Table 1 as well as the Net Annual Operating Expenses after fee waivers and/or reimbursements. Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 3 also shows Shareholder-Type Fees. These fees are in addition to Total Annual Operating Expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Please visit www.Equitable.com for a glossary of investment terms relevant to the investment options under this plan. This glossary is intended to help you better understand your options.
